Japan Has Detected the Subterfuge,
and Will Send Another Protest
to France—Alleged Rojest-
vensky Is Beyond the
Three-Mile Limit.

Saigon, French Cochinchina, May 1.—
The Russian squadron is lying off Fort
Dayet, 4 miles north of Kamranh bay,
and in Binhkeng bay (near Kamranh
bay), outside of territorial waters. Rus-
sian, German and British transports are
off Cape St. James, near Saigon, and in
the Saigon river.

The French naval division has been
mobilized to preserve neutrality in French
waters.

JAPAN BEGINS TO DOUBT
GOOD FAITH OF FRANCE

Tokyo, May 1.—It is believed that Al-
miral Rojestvensky continues to use the
ports of Indo-China for the purpose of
obtaining coal and other supplies, and for
maintaining communication with St. Pe-
tersburg, and the Japanese press is again
doubting the faith of the purposes of the
French. The government here is silent,
but it is believed the ministers are pre-
paring to renew the neutrality question
with France.

MAINTAINED BY FRANCE

THAT FAITH HAS BEEN KEPT
Paris, May 1.—The renewed agitation in
the Japanese press relative to France's
alleged nonobservance of neutrality at-
tention here, but the foreign office
says no further official consideration of
the subject has occurred, or is expected,
as France has given the most ample as-
urances that she intends to observe neu-
trality, and these being fully carried out.
Consequently the governmental view is
that the question is closed so far as
France is concerned, as she has done
everything within her power to secure the
observance of neutrality. This doubtless
will be the response if Japan makes
further representations, which, however,
has not been indicated by any action on
the part of Dr. Motono, the Japanese
minister.

TROOPS DISPERSE MADDENED CROWD

Mob Tries to Secure Entrance
to Decatur Jail.

Three Arrested and Imprisoned as
Result of Attempt to Lynch the
Supposed Assassin and
Murderer of Miss Belle
Bloodworth.

Decatur, Ala., May 1.—(Special.)—A
mob, composed of about twenty-five white
men, attempted to break through the
cordons of soldiers around the jail at
about 11 o'clock tonight.

In the melee which followed three men
were caught by the soldiers and placed in
jail. The rest of the mob was dispersed
without any one being seriously hurt.

Story of the Trial.

With the court house surrounded by a
company of soldiers, the building
thronged with interested spectators, and
a tense feeling in the whole community,
Harvey Smith, a negro, was placed on
trial today charged with the murder of
Miss Belle Bloodworth, daughter of a
prominent merchant of New Decatur,
whose disfigured body was found within
a block of her home on the night of
January 21.

The most damaging witness for the de-
fendant was his own little son. The boy
testified that his father came home
breathless on the night of the crime, and
that John Collier, who is indicted on
the same charge, came to the house the
following morning, and that the men
quarrelled and accused each other of the
murder.

Mrs. T. D. Wilkerson, a strokekeeper
testified that she heard the young woman
telephone to her mother that she was
coming right home; that the defendant
was in the store at the time, and that
he left soon after her.

Fellings in the community is wrought
to a high pitch, and there is considerable
anxiety at the presence of the sol-
diers.

Three Men—Girl Messengers
Were Used to Outwit
the Strikers.

Chicago, May 1.—Three men were struck
by flying bullets during a riot at the
rear of Marshall Field & Co.'s wholesale
store, Fifth avenue and Adams street,
this afternoon when Louis Street, a col-
ored non-union teamster, fired five shots
into a crowd.

The wounded:
Otto Helmer, shot in right thigh; Is-
adore Newman, scalp wound; William
Patterson, scalp wound.

Street was driving his wagon out of
the alley when the crowd jeered him.
Soon sticks, stones and other missiles
were thrown at him, many striking him.
It was at this juncture that Street drew
his revolver and fired.

Instead of fleeing the crowd, thorough-
ly enraged, made a rush for the wagon.
The teamster was dragged from his seat
and was being severely beaten when the
police arrived. By vigorously using
clubs, the police managed to disperse the
crowd. Street was arrested.

A number of United States marshals
went to the rescue of colored non-union
teamsters employed by the Employers'
Teaming Company, who were delivering
coal to the Majestic hotel for the Daniels'
Coal Company.

The crowd, which numbered six hun-
dred, began to throw sticks, stones and
other missiles. The negro teamsters be-
came frightened and there was a block-
ade, but when United States marshals
arrived the crowd was quickly dispersed.
Girl messengers, riding in carriages
driven by men wearing coachmen's con-
ventional livery, were used by some of
the department stores today to make de-
liveries of urgent orders.

The rise worked well, and it was hours
before the action broke the strike. There
the carriages were not private convey-
ances of well-to-do patrons of the stores.

TUMULTUOUS SCENES
ENACTED IN CHICAGO

Strikers Charge Wagons and Many

Breaker, Arrives To Fight

Stores Using Mail.

Chicago, May 1.—Conditions in the
teamsters' strike were worse today than
at any preceding time. The strikers
were in a more ugly mood, the rioting
was more open and vicious, and the at-
tacks on non-union men more frequent
and daring than at any time since the
commencement of the trouble.

The increased belligerency on the part
of the strikers and their friends is laid
chiefly to the fact that the Employers'
Teaming Association today brought 1,500
men into the city to take their places,
and 500 more are said to be on the way
and will arrive within twelve hours.

Among them are two hundred farmer
boys from all the surrounding states, who
have volunteered their services and
sought positions as drivers.

Today a new feature appeared in
the strike, and it will be in full evi-
dence tomorrow whenever a wagon
of the Employers' Teaming Company
goes through the streets. This fea-
ture will be the winchester. It will
be carried on all wagons of the Em-
ployers' Teaming Association in open
view.

During the last week there has been
much complaint on the part of the strike
sympathizers of the readiness with which
the non-union men, particularly the ne-

STRIKERS GOING
TO ROOSEVELT

They Will Present Case to
President on May 10.

President Will Be in Chicago on That
Date and He Has Agreed To
Receive a Petition from
the Striking Team-
sters.

Glenwood Springs, Col., May 1.—Pres-
ident Roosevelt has agreed to give the
Chicago striking teamsters an opportunity
to present their petition when he reaches
there May 10. Information reached the
president at his camp that the strikers
were prepared to ask him to use his in-
fluence in their behalf similarly to the
manner in which he had adjudicated the
anthracite strike three years ago. He
has given the strikers no encouragement
other than agreeing to receive a delega-
tion from the petitioners, should an audi-
ence be requested.

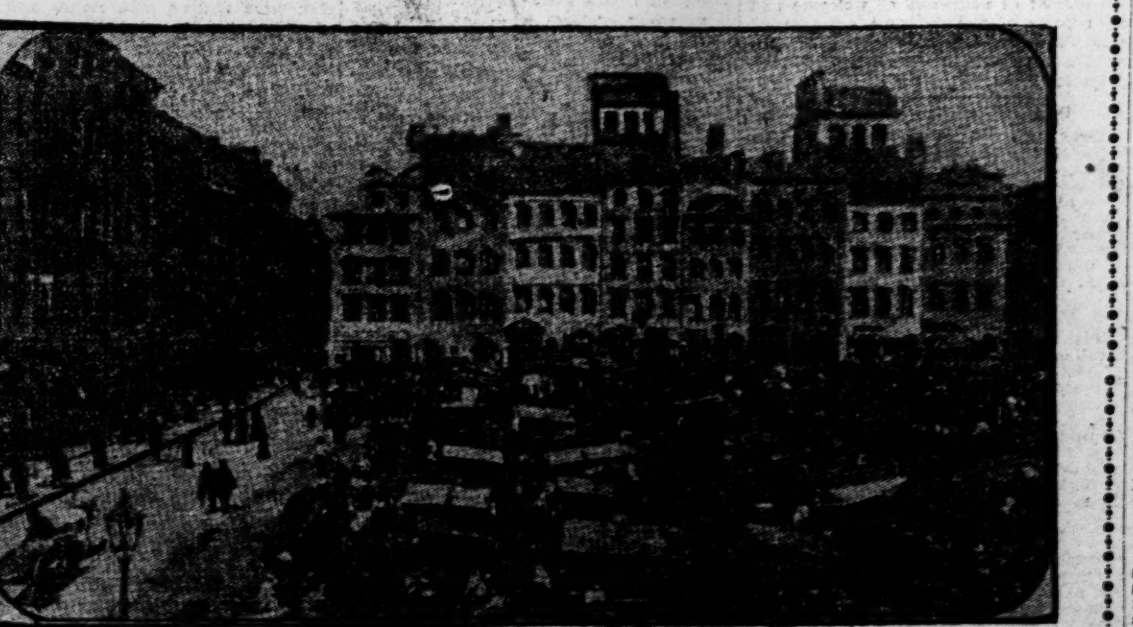

The president cannot give consideration
to the petition until he reaches Washing-
ton.

Truck Drivers Quit at Patterson.
Patterson, N. J., May 1.—Three hundred
truck drivers, practically the full mem-
bership of the International Brotherhood
of Teamsters in this city, went on strike
today. They demand a half holiday on
Saturday with no reduction of pay, and
double pay for holiday work.

St. Louis Sends Strike Breakers.
St. Louis, May 1.—A special train, bear-
ing 475 men, left here early today over
the Illinois Central railroad for Chicago,
where they expect to take the places of
the striking teamsters. It is said 500
more are expected to depart tonight.

The work of getting the men into and
out of the city was conducted with the
utmost secrecy. Half of the men were
from southern Illinois and Kentucky,
most of those from the latter state being
negroes.

Los Angeles, Cal., May 1.—Maro S.
Potter, an employee of the Merchants'
Trust Company of Los Angeles, was ar-
rested today by a private detective on a
charge of having embezzled a consider-
able sum of money from a bank at Davis-
boro, Ga., of which institution he was
cashier. A reward of \$1,000 was offered
by the Davisboro bank for the apprehen-
sion of Potter.

M. S. Potter, cashier of Davisboro,
Ga., bank, left that place on November
16, 1902, after having been asked to re-
sign by the directors on the 13th.
Expert accountants found a shortage
of about \$20,000 in his books.

Potter had many friends in Davis-
boro, was a prominent Mason, member
of Knights of Pythias and an Odd Fel-
low. He was also secretary and treas-
urer of Davisboro Cotton Oil mill.

It was reported at the time of Potter's
departure that the president of the bank,
O. H. P. Beall, paid Potter a large
amount of money the afternoon he left.
Mr. Beall admitted paying Potter the
money, but claimed it was in settlement
of Potter's bank stock.

ALLEGED SLAYERS MUST FACE JURY

Thirteen Men Are Indicted for
Killing Sheriff Poag.

On Request of the State's Attorney,
the Court Granted a Severance,
and the Defendants Will
Be Tried in Three
Counties.

Senatobia, Miss., May 1.—Thirteen
of the alleged slayers of Sheriff Poag, who
was shot to death in the county jail
here while defending a prisoner from a
mob, have been indicted by the Tate
county grand jury.

Today eleven of the men were brought
into court and arraigned on the charge
of murder. The other two men indicted,
the Spencer brothers, have not been
apprehended.

Those brought into court were: J. H.
Thomas, Sam Howell, Norman Clayton,
Tate McConnell, Henry Hunter, Alex.
Nelson, Dave Smith, O. L. Manning,
Will Siquelield, Tom Nison and Wil-
liam Still. The prisoners were brought
in from Hernando, Batesville and Sena-
tobia jails, where they had been in cus-
tody.

The state's attorney asked the court to
grant a severance in the indictment, and
that the several defendants be divided
up among at least three counties. This
motion was allowed and the court made
the following disposition of the cases:
Thomas, McConnell, Nison and How-
ell to be tried at Holly Springs.
Nelson, Siquelield, Manning and Mun-
ter to be tried at Oxford.
Clayton, Smith and Still to be tried at
Batesville.

Delegates to Railway Congress.

New York, May 1.—Two hundred dele-
gates to the International Railway Con-
gress, which opens in Washington, D. C.,
next Thursday, spent today in visit-
ing and inspecting railway terminals and
yards in this city. Coming from nearly
every portion of the world, the dele-
gates met by appointment at the Trans-
portation Club and started on a tour of
the city as the club's guests.

S. T. PETERSBURG, May 1.—A
bomb exploded early this
morning in an apartment
house room occupied by two men.
Both of them were injured—one se-
riously. The other man was only
slightly hurt. It is believed the two
men were preparing the bomb for use
when it exploded. An inquiry into
the cause of the explosion is being
made.

Warsaw, May 1.—Nearly one hun-
dred persons were killed or wounded
in disturbances in various quarters
of Warsaw today. The troops appar-
ently were uncontrollable and vio-
lated all orders to act with modera-
tion. They fired into crowds of dem-
onstrators, and workmen, in retaliation,
resorted to the use of firearms
and bombs. Many women and chil-
dren are among the dead and dying.
What approaches a reign of terror
exists tonight; the city presents a
most gloomy aspect and the temper
of the entire community augurs ill.

DAY BEGAN IN PEACE.

May day opened with every pros-
pect that the recent gloomy forebod-
ings would find contradiction in a
peaceful ending. Glorious weather

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of The Constitution May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

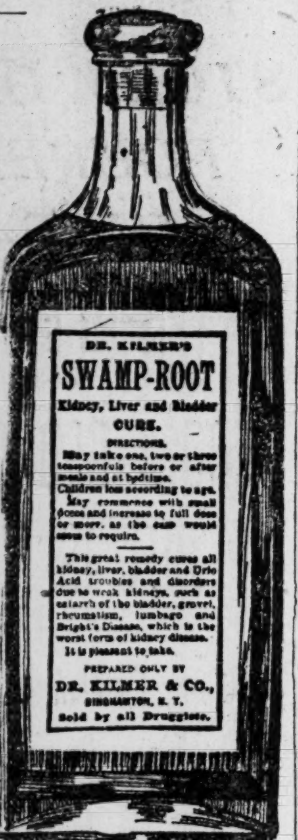

I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers.

Gratefully yours,

MRS. A. L. WALKER, 331 East Linden St., Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, and in the head and back ache, cause indigestion, stomach and liver trouble, you get a yellow complexion, make you feel as though you had heart trouble, you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

(Swamp-Root is pleasant to take.)

How to Find Out

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands of testimonials received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Birmingham, N. Y., be sure to say you read this generous offer in The Atlanta Daily Constitution. The Proprietors of this paper guarantee the genuineness of this offer.

case to an end. Mr. Levy said he was glad that the pawn tickets were introduced in evidence, as they showed that Smith was in the habit of pawning things at Stern's and consequently could readily have been identified by Mr. Stern if he were the purchaser of the revolver.

Mr. Levy ridiculed the contention of the district attorney that Young was marked for slaughter from May 3. He said if the defendant were a mercenary woman, she would not think of cutting off the source of her money.

"If the defendant shot Young," said Mr. Levy, "she would have had to stand up in front to have done it. Think of Young, an athlete, permitting her to do anything like that. It is impossible for him to have inflicted the wound upon himself. It was equally impossible for her to have shot him."

"While it is true that he made arrangements for the railroads in raising rates on a regular monthly meeting tonight, beginning at 8 o'clock, in the assembly hall at the Piedmont hotel."

R. F. Maddox, president of the chamber of commerce, will preside over the meeting.

It is probable that the recent action of the railroads in raising rates on a regular monthly meeting will come up for discussion, as it was through the influence of the members that the reduction in rates was granted, and as many of them are interested in businesses affected by these increases in rates.

Plans will also be discussed for the entertainment of the National Association of Manufacturers, one of the largest conventions of the country, which will meet in Atlanta during this month.

JUDGE'S DEEDS

CALLED CORRUPT

Hooker's Removal From New York Bench Recommended.

Legislative Committee Finds That He Knowingly Entered Into Schemes To Defraud the United States Out of Money.

Albany, N. Y., May 1.—Legislative proceedings for the removal of Justice Warren B. Hooker, of the eighth judicial district, from the supreme court bench of this state, are unanimously recommended in the report of the assembly judiciary committee to the senate tonight.

The committee reached by the recommendations are based, are in effect, that Hooker and George W. Ball, both knew that the appointment of Frank P. Ball, as laborer and clerk in the Fredonia postoffice, defrauded the United States out of \$2,532.07, and that Hooker, in the exercise of his official duties, had obtained money with which Ball might pay a note upon which Mrs. Hooker was indorser.

That a number of other acts of Hooker's in connection with Ball's appointment, and the matter of postoffice appointments resulted in defrauding the United States out of various sums of money.

That the acts of Hooker in connection with the procurement of a judgment against the city of Dunkirk were corrupt and immoral.

KILLS EMPLOYER

Franklin Havens Shot by Miss Julia Craver.

Girl Worked for Insurance Man and She Claims That She Pointed the Pistol at Him Only in Fun—Miss Craver Under Arrest.

Albany, N. Y., May 1.—Franklin Havens, secretary of the Albany board of fire insurance underwriters was shot by Miss Julia Craver, a clerk in his employ this afternoon in his office and died soon afterward.

Miss Craver, who is under arrest, says the shooting was accidental, and the police say they have found no evidence to cast doubt upon her story. Miss Craver says she pointed the revolver, which was the property of Havens, and which had been in a pigeon hole in a cabinet in Havens' office for a long time, at him in a spirit of fun, as he was entering the room in which she stood, commanding him to throw up his hands. He had told her, she asserts, that the weapon was not loaded, and she declared that she pulled the trigger three times before the weapon exploded.

An examination of the pistol confirms this statement. It contained six cartridges, and two of them, in addition to the one discharged, had indentations from the hammer.

from early in the morning with gaily dressed people and troops. Children enjoyed themselves in the warm sunshine. The presence of numerous parades of Cossack cavalry and infantry were the only reminder of lurking danger.

No onward incident was reported until afternoon. The first disturbances occurred between 12 and 1 o'clock p. m., when several workmen carrying red flags marched along Zelazna street. The demonstration was quite orderly and proceeded without molestation for some distance.

Suddenly several squadrons of Uhlans appeared, but without interfering with the procession, and took up a position along the sidewalks while the workmen passed through the lines.

TROOPS USED SWORDS AND THEN THEIR GUNS

Then a company of infantry approached from the front and immediately the cavalry charged into the procession, driving it with the flat of their swords into a disorganized mass.

When the cavalry withdrew, the infantry fired a volley, whereupon the demonstrators turned and fled. The infantry continued to discharge volleys into the retreating, shrieking multitude. Thirty-one persons were killed and many wounded and of the latter it is believed that fifteen will die.

The shooting is described as having been quite unprovoked. It has aroused the most intense indignation among all classes in Warsaw. Many of those who were killed or wounded were shot in the back, showing that they were running away when they were struck.

Another terrible scene was enacted at 5 o'clock p. m. at the corner of Ziota and Sosnowa streets, when workmen fired from behind a wall at a patrol, which immediately opened fire on the passing crowds, killing or wounding twenty persons.

DYNAMITE BOMB HURLED INTO A COSSACK PATROL

The first bomb throwing occurred at 9:35 o'clock tonight, when a bomb was thrown into a Cossack patrol near the Vienna station. Three Cossacks and one policeman were killed and two women who were leaving the station at the time were severely wounded by the explosion of the bomb. Cossacks and infantry fired a number of volleys, and it is reported that many persons were killed or wounded. Troops surround the whole neighborhood. It has been impossible up to the present time to secure accurate information as to the casualties in this affair.

At 10:45 o'clock p. m. disturbances broke out at the Zombkowska gate of the suburb of Praga, across the Vistula river.

A great crowd assembled there, threatening the troops, when the soldiers fired upon the crowd and killed four and wounded many others. It was reported by telephone from Lodz this afternoon that a crowd there had stoned a military patrol, whereupon the soldiers fired and killed two men and wounded a boy. Later a similar scene occurred in Balutski square, in Lodz, when two persons were killed. In Lodz also at 9 o'clock tonight a bomb was thrown at a patrol, but it was ineffective. The patrol fired into the crowd and killed three and wounded two persons.

A student who was distributing proclamations in Wola, a suburb of Warsaw, tonight, was killed by a patrol.

RIFLES GIVEN

NON-UNION MEN

groves, have drawn and used their revolvers. A number of them have been arrested on the charge of carrying concealed weapons, and today the attorneys of the Employers' Teaming Company called upon Chief of Police O'Neill and asked if their men had not the right to carry weapons, provided they were held in open view and were not concealed.

Chief O'Neill replied that there was no law against it, and arrangements were promptly made by the employers to place Winchester rifles on every one of their wagons.

Thousands Rifles Bought.

Over one thousand of these weapons were purchased today, and during the latter part of the afternoon a number of wagons went through the streets with a rifle lying across the knees of the driver and his assistant.

When Mayor Dunne was informed of the fact that rifles would be carried by the non-union men he was visibly disturbed, and declared that the police will not be permitted to authorize the carrying of arms by any one, whether in the employ of the Employers' Teaming Association or affiliated with the strikers.

"The chief of police will give no authority to any one to carry arms," he said.

Chief of Police O'Neill, however, declared that if the employers armed their men the police cannot legally interfere as long as the weapons are not concealed. "There is no law against carrying weapons in the open," the chief declared. "If their men keep the weapons in full view on their wagons or by their sides the police cannot interfere."

Police Sergeant Killed.

Police Sergeant Cummings, who was run down on Thursday by an omnibus driven by John Ceresa, a union driver, died today in the hospital. Ceresa is now held to await the action of the grand jury.

No decided increase in the number of men on strike was made today, the most important accession to the teamsters being the drivers of the delivery wagons of retail grocery stores.

The employers' association this afternoon drove a wedge into the ranks of the Chicago Team Owners' Association. This latter organization is composed of men who do teaming for many of the large business houses, and particularly in the matter of hauling coal. They have fought shy so far of aiding the employers. The employers this afternoon informed the largest five team owning companies that if coal was not delivered all of their contracts would be canceled at once, and they would not be renewed at any time hereafter, strike or no strike. The team owners agreed to make deliveries as demanded.

The union labor leaders who were indicted last Saturday in connection with the strike appeared at the criminal court building today and gave bonds in the sum of \$1,500 each.

Two Riots at Night.

Two serious riots took place tonight. The first was at the intersection of Harrison and Des Plaines street, where a mob containing many women and numbering fully 2,000 attacked a crowd of nonunion men. Several of the nonunion men were injured with stones and many of the mob suffered broken heads from the police.

The second fight took place at Twenty-second and State streets, when a crowd attacked four coal wagons under the guard of eight private detectives. The nonunion men were pelted with stones thrown from the second story of a building and the detectives drawing their revolvers, charged into the place. The wagons fled and no shots were fired. The detectives were arrested for carrying concealed weapons.

seriously affect the situation and may cause a general strike. The temper of the people is at white heat and there is much apprehension regarding the possible events of May 5, the one hundred and fourteenth anniversary of the proclamation of the Polish constitution, when disturbances and demonstrations always occur. Tonight there is every indication of trouble. All the ground that has been gained since the disturbances of last January has now been lost. Only passenger trains are leaving Warsaw tonight and these are crowded with refugees and manned by officials of the engineering departments, all the engine drivers, firemen and porters having quit work.

Macon, Ga., May 1.—(Special.)—Miss Mattie Warren, of Byron, is at her home in that place suffering from a painful wound inflicted this morning by rock throwers, who smashed the glasses in several car windows as the early morning train over the Central neared that place.

One missile struck the young lady in the mouth and knocked out several teeth. The railroad detectives are working on the case, but have made no arrest.

Are You a Nervous, Sickly Woman?

There are thousands of women in this community, nervous, run-down, broken in health, who are not exactly confined to their room but continue to drag on and on attending to their duties, taking one treatment and then another until they have about given up all hope of ever being cured. What a great difference it would be if they had gone to Dr. Hathaway for treatment at first, who could have cured them in a short while by his advanced method of treatment.

If you are one of this great number there is yet hope for you, for this great specialist can cure even the most severe cases. His 25 years of experience enables him to correctly diagnose your case, will understand just what is your true condition, the cause and just what treatment to give you that will give you a new grip on life.

Each Case

is given individual treatment, which is prepared in his own laboratory, and you can place yourself under his care assured that you will not be experimented upon, for he passed the experimental stage years and years ago. His great success is due to the fact that he is competent to thoroughly understand just what your particular case requires.

Call on Him

If you suffer from prostrated, womb or ovarian troubles, leucorrhoea, irregularities, displacements, bearing-down pains, severe headaches, neuralgia, rectal troubles, or any other disease of a chronic or lingering nature, and let him give you a thorough examination, and tell you just why you have not been cured before, and just what he can do for you. No charge whatever is made for this, so call on him without a moment's delay. He will counsel and advise you professionally without charge. There is a private reception room for ladies, and the doctor will see you without delay. If you cannot call write him. He can cure you at home. The address is J. NEWTON HATHAWAY, M. Rowe, Who Was Shot by His Wife, Is Dangerously Wounded.

Hartwell, Ga., May 1.—(Special).—J. F. Rowe, who was seriously wounded by his wife, is still alive. The cause of the family quarrel is not known. Bad blood is said to have existed between the husband and wife previously, but they have recently reconciled their differences.

Rowe was shot through the thigh, and after having received what is probably his death wound, he fired three shots at his wife. The shooting occurred on the front veranda of their residence. Dr. B. C. Teasley happened by just about the time of the shooting, and rendered medical aid. Deputy Sheriff J. O. Harper was summoned and appeared on the scene in a few moments, and Mrs. Rowe was then ministering to her husband. Pistols were taken from each of the belligerents. No arrests were made, as Rowe did not wish her arrested. They have two small children.

The quality of the Panama straw hats, and the prices at which they are sold at Muse's this year, is the nucleus to the best straw business Atlanta has ever seen.

Though you began buying Panamas as early as usual this year, the number worn on the street was not conspicuous on Sunday. Yesterday we sold two styles in the Panama to the amount of dozens.

One is the young man's style; telescope crown with pull-down brim in front. The other Panama is the full-crown and fine roll brim, so well liked by business men.

Prices \$5.00 to \$15.00—and the actual value in every hat is the thing which counts most vitally.

compromise between President Alexander, of that society, and First Vice President Hyde.

This arrangement is said to have been brought about by United States Senator Knox and Henry C. Frick, chairman of the executive committee of the society. Mr. Cortelyou declines to discuss the matter.

WHAT THEY SAY IN NEW YORK.

New York, May 1.—An official of the Equitable Life Assurance Society to whom was shown the dispatch announcing the report in Washington that Postmaster General Cortelyou had been offered the presidency of the society, said:

"Mr. Alexander is president of the Equitable. No report that the presidency has been offered to some one else can be correct."

Mr. Hyde was shown the dispatch. He read it through, and then asked to be excused from commenting on it.

Careful inquiry, however, seems to credit the report in Washington that Postmaster General Cortelyou has been agreed upon for president of the Equitable Assurance Society.

ALL DELIVERIES AT COLON.

Order That Means Much to New Orleans.

Chicago, May 1.—John F. Wallace, chief engineer of the Panama canal, said today to officials of the Illinois Central railroad that another order would be issued that hereafter all deliveries of shipments from this country would be to Colon.

This order, it is said will open the door to western and southern manufacturers, enabling them to enter competition for the supplies needed in the canal zone. This order regarding delivery will make New Orleans a shipping point and freight and passenger rates to the isthmus via New Orleans will be on a parity with those from New York.

JURIST'S BODY LAID TO REST

Funeral of Judge W. B. Butt Was Very Largely Attended.

Columbus, Ga., May 1.—(Special).—The funeral of Judge William Burlington Butt, whose death occurred last night after a lengthy illness, took place this afternoon from his late residence on Third avenue. It was attended by the members of the Columbus Bar Association in a body, the members of Mount Hermon Lodge No. 304, Free and Accepted Masons, and many other friends. The services were conducted by Rev. Theo. Copeland, pastor of St. Luke Methodist church, of which the deceased was a member.

The remains were laid to rest at Linwood cemetery. A meeting of the Columbus bar was held this morning, presided over by Judge William A. Little, president of the association, at which appropriate action was taken regarding Judge Butt's death. A committee was appointed to draft suitable resolutions.

Judge Butt was elected judge of the Chattahoochee circuit in 1904 for four years, this being the first year of the term.

which will be headquarters for the day. A large party from Macon reaches the city this morning and at 10 o'clock all will gather in the council chamber of the order.

The state deputy, Victor J. Dorr, accompanied by the delegates from the Augusta branch, Patrick Walsh, council No. 667, including P. H. Rice, J. B. Schwere and J. L. Mulhern, came up a day ahead to get everything in readiness for the business meeting.

Among the best known visitors from Savannah are P. J. O'Connor, M. J. O'Leary, T. F. Walsh, Jr., M. J. Barrett, John M. Thomas and Dan Connors.

The principal event of the day's entertainment will be a barbecue at 2:30 this afternoon at the Cold Springs Club, at which the local members of the Knights of Columbus will entertain for the state officers and visiting members of the order. About 200 guests will be present, and after the dinner there will be one or two short, bright talks, and then music and dancing.

The state officers will be brought back to the city in a trolley and then driven to the principal points of interest, the drive ending at the Country Club.

The smoker in the evening will be attended only by Knights of Columbus. Grand Knight T. F. Nealon will preside. There will be a number of appropriate talks and a delightful musical programme has been arranged. Among those who

THOMAS F. CORRIGAN, District Deputy, Supreme Knight, Knights of Columbus, for This Section.

will participate in the musicale is J. L. Mulhern, of Augusta, one of the most gifted young musicians in the state. Mr. Mulhern takes prominent part in all the musical and dramatic entertainments in Augusta, and was one of the leading participants in the production of "Pinafore" in Macon. Frank C. Wheat, Edward Murphy, J. C. Lynch, Joseph Reynolds and John F. McCallum, of the local council, are also on the programme. Most of the visiting knights will return to their homes this evening.

The following programme will be rendered during the smoker this evening: The State Council, Knights of Columbus—Victor J. Dorr, S. D. Knights of Columbus as Defenders of the Faith—P. J. O'Connor. Hopes and Ideals of the Order—W. A. McKenna.

Car Fraternal Obligations—P. H. Rice. Spirit of the True Knight—Augustine Daly.

Officers of the Council.

Following are the officers of the state council, whose terms of office will expire next Tuesday:

Victor J. Dorr, Augusta, state deputy; J. B. Schwere, Augusta, state secretary; James Gillespie, Atlanta, state treasurer; Rev. Father O. N. Jackson, Atlanta, state chaplain; Judge J. M. Thomas, of Savannah, state advocate, and Michael Barrett, of Savannah, state war-

The following are in charge of the entertainment for the visiting knights: John Corrigan, Jr., chairman; Charles Gay, Edward Murphy, John Erskine and John F. McCallum.

They will be assisted by the officers of the council, including T. W. Nealon, grand knight; Captain L. E. O'Keefe, deputy grand knight; John A. Corrigan, advocate; Dan Carey, chancellor; Max

TWO WOMEN TESTIFY.

Nothing Builds Up the System So Quickly as Pe-ru-na.

MRS. MARY SOLAN, 1246 Seventh street, Denver, Col., writes: "We have used Peruna in our family for years and would not be without it. I used it for catarrh and as a tonic before and after my children were born, and I found that it was all that I could wish for in quickly restoring the strength. I have given it to my children when they caught a cold, or had any of the little ailments that children are subject to, and it helped them splendidly. Whenever we take a cold, a dose or two of Peruna taken in time will soon rid us of the trouble."

IMPOSING ARRAY GREET'S REMAINS

Body of General Fitzhugh Lee
Met by Multitude.

Special Emblems of Mourning Decorated Business and Other Houses of Richmond, and Flags Were Hanging at Half Mast.

Richmond, Va., May 1.—The special train bearing the remains of General Fitzhugh Lee reached Richmond about 5:30 o'clock this afternoon and was met at Elba station, at the head of Broad street, by an imposing array of state militia, confederate veterans, state officials and civic organizations.

The casket was placed on a black draped caisson drawn by six black horses, at the head of each horse being a member of the Richmond Howitzers in full dress gray uniform. A procession was formed and the march was taken up for the city hall to solemn strains of music from a band. The bells of the city were tolled as the procession moved, flags on the buildings were at half-mast and frequent intervals along the way special emblems of mourning appeared in drapery over store fronts and other houses.

The street was packed with people from the station to the city hall and the evidence of popular sorrow at the demise of General Lee was marked. The procession was made up of the Richmond companies of the Seventh regiment, Virginia volunteers; the Richmond Light Infantry, Blue's battalion, the Richmond Howitzers, Lee and Pickett camps of Confederate Veterans, the Veteran Cavalry Association, army of northern Virginia; the Sons of Confederate Veterans and the Ladies' Confederate Memorial Association of the city.

On arrival at the city hall, the casket was borne into the rotunda of the building, which had been suitably draped for the occasion, and placed upon a bier covered with black broadcloth, the band meantime playing "Onward, Christian Soldiers."

Company A of the Seventieth regiment went on duty as guard for the remains and will serve through tonight, the duty being taken up tomorrow by the Richmond Blues, who will in turn be relieved by the Richmond Howitzers. The public was soon admitted to look for the last time upon the face of the distinguished dead, and hundreds had already availed themselves of the privilege when night fell.

Services at Washington.
Washington, May 1.—An affectionate and imposing tribute was paid today to all that was mortal of Brigadier General Fitzhugh Lee, United States army, retired. Brief services were held today, however, at the Church of the Epiphany on O street, many of the personal and official friends embracing the opportunity thus afforded to pay a last tribute of respect to the memory of the distinguished dead.

Prior to the brief services today the remains of General Lee, which had been lying in their casket in the Sunday school chapel of Epiphany church since their removal from Providence hospital, were conveyed to the auditorium of the church. Throughout last night and today they were surrounded by a guard of honor, consisting of the local camp of confederate veterans. The church services were conducted by the rector of Epiphany church, Rev. Randolph H. McKim, D. D., who is chaplain of the Washington camp of confederate veterans. He was an officer in General Lee's old command in the civil war, and the two were lifelong friends. The services were very simple, being in accordance with the burial service conducted by the ritual of the Episcopal church. No funeral oration was pronounced.

The services were attended by Secretary of War Taft and many other officials. Mrs. Lee was accompanied on the special train to Richmond by Major B. H. Fowler, General Lee's brother-in-law; Captain D. M. Lee, Miss Virginia Mason Dorsey, Miss Laura Lee Dorsey, Dr. Robert F. Mason and Mr. and Mrs. Benjamin S. Minor. In addition to these members of the Lee family, many prominent army officers, including several who served in General Lee's Seventh army corps during the Spanish-American war, accompanied the funeral party. The train left for Richmond at 4 o'clock.

CLOUD BURST AT VILLA RICA

Creeks Out of Banks and Uplands Are Badly Washed.

Villa Rica, Ga., May 1.—(Special.)—This section was visited yesterday by one of the heaviest rains in years—a regular cloudburst.

The creeks are all out of their banks, and uplands are badly washed away. Terraces amounted to nothing. Farmers in town from every direction say late planting of cotton will have to be replanted.

Acres have been reduced about 20 per cent and guano in proportion.

PRATSE FROM PLANT BUREAU.

United States Pathologist Congratulates Orchardist Heard.

Middleton, Ga., May 1.—(Special.)—After the recent freeze, which badly injured the fruit crop in many parts of Georgia, specimens of peaches from the Rose Hill fruit farm were sent to W. M. Scott, pathologist of the bureau of plant industry of the United States agricultural department. He has written Eugene B. Heard, the proprietor, expressing surprise that his orchards exhibited such fine specimens. As reported in The Constitution several days ago, this section escaped any damage from the freeze.

In acknowledging receipt of specimen peaches, Mr. Scott writes: "Am pleased to note that you escaped the recent freeze, and that there was no damage to the crop in your section. Two peaches you sent are fine, and I was surprised to see that such a crop existed anywhere in the state. A full crop is reported from nowhere else in the state, and I think you are very fortunate. In fact, it is a remarkable thing that the Middleton section should entirely escape. It is true that there is a fair crop in the Fort Valley section, but nothing like the crop which you report from your section."

Pensacola Wants Better Rates.

Pensacola, Fla., May 1.—The Pensacola chamber of commerce today decided to bring complaint before the interstate commerce commission against the Louisville and Nashville Railroad Company. This is done in order to compel the road to give Pensacola an equal rate with other Gulf ports.

WANT SABBATH TO BE OBSERVED

Evangelical Ministers' Association Oppose Opening of Ponce de Leon Sundays.

The Evangelical Ministers' Association held a spirited meeting in the parlors of the First Baptist church yesterday morning and by a unanimous vote it was determined to lend their every efforts toward the preventing of the opening of Ponce de Leon on Sunday this summer if the effort were made.

The fact that Ponce de Leon is in the city limits at this time seemed to be considered a lever in the hand of the ministers' association toward the keeping of the place closed on Sundays during the coming months.

The matter was introduced into the meeting of the association by the secretary, Rev. Dr. Cleveland, who said that in the absence of Dr. Holderby, who was chairman of the Sabbath desecration committee, he thought that the matter ought to be brought up by some one.

One of the ministers present also severely arraigned the keeping open of the drug stores on the Sabbath day, terming it the "drug store evil," and saying that he hoped the law against the sale of goods on Sunday would be enforced. He said that several drug store proprietors had said that they wished they could close and would welcome a condition forcing all to close at least during part of the day.

Practically every member of the association present expressed their opposition to the opening of Ponce de Leon on Sunday and said that if the Christians would only make known their wishes in the matter as a body that much Sabbath desecration could be stopped without trouble.

Dr. Holderby stated that in his judgment every saloon in the city could be closed up tomorrow if the Christians would demand it, and he further stated that he believed fully that within the next two years every saloon in the city would be shut up.

MORTUARY.

Hon. Craig Kent, Roanoke, Va., Roanoke, Va., May 1.—Hon. Craig Kent, former lieutenant governor of Virginia, ex-member of the legislature, died in his country place in Wythe county, aged 76 years. He was a member of the secession convention in 1860.

Architect Johnson, Panama.

New York, May 1.—A dispatch received here from Panama announced the death there from yellow fever of Chief Architect Johnson, attached to the canal staff. He was formerly employed as architect by the Illinois Central railroad. His work included the design of the new buildings needed along the canal and the repairs for the old buildings. Johnson, who was native of Kentucky, had been on the isthmus since last July.

Charles Franklin Buffum Dead.

Apalachicola, Fla., May 1.—Died, April 30, at North Conway, N. H., Charles Franklin Buffum, manager and treasurer of the Apalachicola Lumber Company, a prominent Florida republican politician, and delegate at large to the convention at Chicago that nominated Roosevelt. The burial will be at Orono, Me.

Miss Ellen McKee, St. Louis, Mo.

Asheville, N. C., May 1.—The death of Miss Ellen J. McKee, of St. Louis, occurred here today. She was the only daughter of the late William McKee, founder of the St. Louis Globe-Democrat, who inherited a controlling interest in the paper.

Miss McKee departed for Asheville March 31, seeking relief from asthma, having already made many friends among the Atlanta hotel men, some of them having been friends for many years. When the Atlanta proprietors dropped into the Kimball yesterday to extend the glad hand, some very good friends of Colonel Harry Silverman insisted on registering the colonel's name and also assigning him to a room. The room, according to the register, was without any number and simply "bar." Colonel Silverman objected to this assignment because of the fact that it would be too crowded, and when he wanted a room for the purpose of getting away from certain people, and then he looked significantly at all of those who were around him.

Already with the first day, workmen have started making improvements, and it is expected that before long there will be a new entrance to the Kimball through from Peachtree street. Other improvements will include the addition of new facilities and more spacious quarters for the comfort of the guests.

T. W. Duffy, of Macon, is one of the well known business men of the Central City at the Kimball.

Dr. G. W. Dranby, of Jesup, is one of the professional men of Georgia who is making his temporary home at the Kimball.

George C. Grogan, John M. Thomas and Daniel Connors are among quite a party of Savannah men at the Piedmont.

F. A. Lankford, of Philadelphia, is registered at the Piedmont. Mr. Lankford is a prominent man of the Quaker City and was at one time one of the hardest workers in the ballfield of "Jed" Durham, for the purpose of getting in touch with the politics of Philadelphia grew to be sufficiently interesting to interest the entire country and then he looked upon in the life of the late Matthew Stanley Quay.

Every evening finds the baseball men at the Aragon the admired of all admirers, but there is no doubt but that it is the crowd of youngsters which parades up and down in front of the hostelry pointing out their heroes, whom they know so well, both in and out of uniforms.

Miss Helen T. Kerwin, superintendent of St. Joseph infirmary training school for nurses, left Sunday on the noon train for Washington, D. C., to attend the convention of the American Association of Superintendents of Training Schools, of which organization she is a member, to be held in that city during the coming week. After the adjournment of the convention, Miss Kerwin will attend the reunion of the Associated Alumnae of Graduate Nurses of the United States to convene at the Shoreham. She will afterwards visit Johns Hopkins hospital, Baltimore, Md., and other prominent institutions of like character in the east, for the purpose of getting in touch with the very latest and most approved methods and adopting any possible improvement in the conduct of the training school under her supervision. Miss Kerwin will spend the remainder of the month visiting prominent hospitals of the middle west, and recuperating at her home near Chicago. She will return about June 1 and resume her duties at St. Joseph.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists, and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

THE PASSING THROG.

Lougee & Howe, the new proprietors of the Kimball, assumed charge of the Kimball yesterday, and among the first to register on the new brook provided for this management were many of the hotel men of Atlanta. Will V. Zimmerman, registered from Piedmont, Ga.; Ralph Van Landingham, from Majestic; H. R. Durand, from Durand, Ga.; and Lee Barnes, from Aragon, Ga.

It will be remembered that these two proprietors, Mr. Lougee, from Madison, Wis., and Mr. Howe, from Chicago, secured a ten-year lease of the Kimball some time ago with a bid of \$45,000 rent per year. This was the highest bid made, and resulted in the assuming control on the part of the new management. Mr. Lougee was for many years connected with the Park hotel in Madison, often called the Athens of America, on account of its beauty. For more than twenty years Mr. Howe was connected with the Palmer house in Chicago. Both men have a very wide experience, and have already made many friends among the Atlanta hotel men, some of them having been friends for many years.

When the Atlanta proprietors dropped into the Kimball yesterday to extend the glad hand, some very good friends of Colonel Harry Silverman insisted on registering the colonel's name and also assigning him to a room. THEATERS.

At the Bijou.

The odd taste to which the usual strained melodrama appeals was pleasantly satisfied last night by the production of "The Convict's Daughter" at the Bijou. Despite improbable situations, remarkable climaxes and dramatically impossible conversations "The Convict's Daughter" is not without interest. In the cast there are two clever actors who fortunately are brought prominently to the front.

George D. Mackey in the role of Jabez Blackadder gives the best impersonation of a villain that the Bijou has seen in many a day. It is not possible always to judge of the merit of an actor in such a part by the hisses of the gallery, though Jabez did not escape his share last night. The faults of Jabez Blackadder are with the role rather than the actor. It is too often the case that actors overdo the part of a villain in trying to be particularly mean. Mr. Mackey makes a thoughtful, intelligent villain, and in his hands there is no suggestion of humor in the part.

Clearly the best taken part in the play is that of Major Watson, warden of the penitentiary, which is assumed by Glenn Parker. Mr. Parker's lines are worth hearing, and his only appearance furnishes the best scene of the piece. "The Convict's Daughter" will be seen at the Bijou all this week.

Negroes Held for Killing.
Valdosta, Ga., May 1.—(Special.)—Coroner Solomon caused the arrest Saturday of three persons on the charge of being implicated in the assassination of Lige Thomas, colored, who was killed at his home in the Claytonville district of this county on Friday night.

The accused persons are Gabe Williams, father in law of Thomas; his wife, Savannah Thomas, and a negro named Frank Smith.

Summer Underwear.

We have issued a beautiful little descriptive folder "About Underwear" which will be mailed on request.

This is the season when men insist on having comfort, and notwithstanding that many fail to receive their proper part, the opportunity is open and accessible to all. The foundation for genuine comfort in hot weather is the proper Underwear fabric in the correct size. It's too often the case though, that men guess, or allow the salesman to guess at his size—usually a bad guess, too, and with clammy, clinging fabric many a good temper is spoiled throughout the summer.

Our entire stock of Underwear is made from fabrics adapted to this particular climate, and we have men to serve you who know, and will insist on giving you a comfortable fit.

While Togo and Rojostevsky are playing their momentous game of hide and seek out in Far Eastern waters, the caldron of domestic politics is bubbling over ominously in Russia. The latest outbreak is at Warsaw in unhappy Poland. With matters approaching a crisis in the disastrous war with Japan, and with the tense situation at home complicated by this latest riot, the position of the bureaucracy and the dynasty may be easily imagined as one of greatest anxiety and ill-suppressed foreboding.

To an extent the affair in Poland was anticipated, due measures being taken for effective repression. The Russian Easter, which comes a week later than that observed by the western churches, has ever been selected by the turbulent element as the opportunity for more or less portentous demonstrations. In the present instance, the old method of blood-letting, which proved efficacious in St. Petersburg on the 22d of January, was resorted to in Warsaw, and the red flagged revolutionaries were attacked by cavalry and infantry. The total of deaths already approximates one hundred.

Despite the utmost activity on the part of the secret police, the radical element has succeeded in sowing its propaganda broadcast throughout the empire, its efforts being chiefly directed toward the large industrial and commercial centers. In these places the population is of a more intelligent grade than that found in the provinces, hence more susceptible to the seeds of disaffection. If, therefore, the leaders of the revolutionary movement make capital of the disturbances in Poland and the consequent slaughter of their comrades, it is conceivable that they can make considerable trouble for the authorities throughout the empire. It would be a trifle premature to assert that they could, unaided, foment an effective revolution, since the government has all the advantage of compact organization and control of administrative machinery; but they could lay a very hazardous train, capable of being flashed by any untoward event in the larger drama out in the China seas.

Suppose that on top of this state of fearful unrest, there come tidings of either a decisive Russian defeat or victory—and either contingency may arise at any hour. If a defeat, the ministry and its auxiliaries would be temporarily paralyzed, and the surly resentment of a substantial proportion of Russian citizenry brought to a focus by this crushing demonstration of official inefficiency and lost national prestige. The flower of the army swallowed by the maw of war, the treasury depleted and the country saddled with a staggering debt, it is easy to foresee the possibility of such a climaxing of the wrath of the more intelligent element, as would shake the dynasty to its foundations.

On the other hand, should triumph perch on the banner of the double eagle, disaster at home would be hardly less imminent. Such an event would mean an indefinite prolongation of the war, already held in anathema by the bulk of the population, with exhausting expenditures of lives and treasure. The dissatisfaction in Russia would gather new momentum, and it is not inconceivable that it would assume the form of actual insurrection.

It is rumored that M. Witte, the discredited premier and one of the most forceful figures in Russian politics, has been asked to frame a policy looking toward a meeting of either of these contingencies. The fact that the government thus acknowledges the gravity of the situation is a significant one.

The Cotton Outlook.

It is just as true today as it has ever been that the cotton planters of the southern states hold in their own hands the power to secure good prices for their product. There is absolutely nothing discouraging in the present situation if the planters will but exercise the good sense to cut the acreage and keep the crop within reasonable bounds.

Nobody recognizes this more clearly than the cotton bears. In consequence there are evidences of sinister efforts to induce heavy planting. These prophets who but recently were engaged in boasting that the reduction movement had proved a failure are now, apparently, resorting to other methods designed to secure the end for which they so fondly hope. Farmers should be on their guard lest they permit themselves to play into the hands of the bears.

Reports from authentic sources show a heavy demand for cotton by manufacturers of this and other countries. Good prices are sure to come, not as a result of speculation, but because of the economical value of the staple itself.

The situation in the textile world is thus clearly presented in the current issue of The Manufacturers' Record.

World-wide prosperity in cotton manufacturing is shown in special letters published in this week's issue of The Manufacturers' Record, indicating that the remarkable activity in the iron and steel industry of America promises in the near future to be fully matched in phenomenal activity and prosperity in the cotton goods trade, not only of this country, but of the world. A comprehensive report on the conditions in England, prepared by a leading Manchester authority for The Manufacturers' Record, states that the export trade to China and India has been unprecedented in volume, the revival having commenced last fall, and by October the manufacturers were sold seven or eight months ahead. Since then conditions have continued to improve, and the oldest trader finds it difficult to remember a time when the engagements of manufacturers were so deep—engagements, too, made on a basis predicable to

them. In view of the heavy business done in January it had been expected that there would be a considerable slackening, but, on the contrary, the market continued surprisingly active, and a large business was done for delivery ranging twelve to fifteen months ahead. The continuance of the active demand and the capacity of absorption were astonishing even to those who thought they understood the conditions of the Celestial empire. As far as could be seen price differentials were a secondary matter, the period of delivery being the first consideration. At this time 335,000 bales are run on the market in Great Britain, with a demand so difficult of fulfillment that it is said second-hand bales in good condition are being bought up at advancing prices. The exports for the first three months of this year, 1,580,000 bales, largely in excess of the same time last year. Both manufacturers and merchants seem to be of one mind as to the desirability of a pause, owing to the difficulty with shippers to keep up the promised deliveries. Manufacturers have advanced prices in order to check the demand.

So great is this activity in British cotton circles that it is regarded there as phenomenal as is the marvelous expansion of the iron industry in this country. Fortunately, however, the cotton manufacturers of the United States are beginning to share in the same prosperity, although the tide did not turn here quite so soon as in England. Reviewing the situation in the south, a correspondent, who has made special inquiry throughout that section, writes as follows:

For some time there have been unmistakable signs of the growing improvement in the cotton mill business of the south. This is seen in the building of new mills and the enlargement of others. The whole southern cotton milling field has taken the air of renewed activity. One of the factors being an increase in the export business, which is now being steadily worked up, and another is the fact that the south are sold up at prices showing big profits, while the yarn mills are in a particularly good condition. One large mill making export goods has sold its entire production to May, 1906, and mill owners are looking forward to the next year's delivery if they would take orders now. The demand for goods may be said to be unprecedented in the history of cotton manufacturing. The great need now is for ships to carry our goods. The foreign business is limited only by the carrying capacity of the ships available, and this fact is urged in favor of a ship subsidy. The home markets are holding their own, but are not as active as the export trade.

The planters have the power to insure high prices next fall, but to secure them in the light of the abnormal crop of last season there is but one thing for them to do. They must keep down the volume of the next crop. The one sure way to do this is by cutting the acreage in such proportions as will open the way for the disposal, without sacrifice, of the surplus of the last crop.

Every dictate of common sense calls for this action. If they will but do this, they will find a large profit in every pound of cotton they raise.

Instead of growing 12,000,000 bales last year, which, as the consensus of opinion of the world now admits, would readily have been taken at above 10 cents a pound, more than 13,500,000 bales were grown, perhaps over 14,000,000. Even with this unprecedented crop, more than two-thirds of it was sold at around 10 cents. The excess of last year can now be turned to advantage by a heavily reduced crop this year—but another 14,000,000 bale crop means ruin.

Mr. Gray and the Journal.

The announcement that Hon. James R. Gray has, by purchase of stock held by others who have heretofore been associated with him in the ownership of The Atlanta Journal, secured in his own right and name absolute control of that property, will be read with interest.

The acquisition of this new stock by Mr. Gray is significant only in that it puts The Journal under his ownership; it does not carry with it any change in control, for that has been in Mr. Gray's hands since he left the practice of law to enter journalism several years ago.

The paper has prospered under his management and that it will continue to do so cannot be doubted by any one who has knowledge of his earnest temperament and his well-known business ability.

Closely associated with Mr. Gray, both in the management of The Journal, and as stockholders in the property, are Messrs. John S. Cohen and Morton Smith, both of whom have long since won their spurs in the world of journalism.

The Constitution, in the best of good will, felicitates its contemporary, with the hope and assurance that its successful career may be indefinitely prolonged.

Atlanta has long since outgrown the day when one successful business cannot view with gratification the success of others in the same line—and in this spirit we congratulate our neighbor. "There's room at the top" for all who know how to reach it.

Subscription List.

A man rushed out of an office building at Fifth avenue and Thirty-third street, the other day and stopped the first passer-by, says The New York Tribune.

"You look mad," he exclaimed. "do I look like an easy mark?"

"You look mad," replied the man, uncomfortably.

"Well, I am mad," replied the first speaker. "I arrived at this office in a fairly good temper this morning."

"I was sorting over my mail an office boy came to me with a long subscription list signed by nearly every man in the office. The first elevator man is getting married," he said. "Will you contribute?"

"Let him support his own wife," I growled; but it made me feel kind of mean, so I gave him a dollar when I went out to lunch. Right after lunch they brought me another subscription list for a man in a rival house who had gone crazy. He was left on the hands of his wife and three small children, so I figured as I was a married man, I would contribute. I gave him a dollar when I went out to lunch. He was left on the hands of his wife and three small children, so I figured as I was a married man, I would contribute. I gave him a dollar when I went out to lunch. WANTS ALL WARDS ON CITY'S BOARDS

**Councilman Curtis Again Makes
Fight for This Principle.**

Wanted Ward Representation on Carnegie Library Board, but Council Disagreed with Him.
Brief but Interesting Session of Council.

An attempt by Councilman Curtis to have the board of trustees of the Carnegie library conform to the principle of ward representation caused what was practically the only discussion yesterday afternoon during the shortest session that has been held this year by the general council. The meeting began promptly at 8 o'clock in the afternoon, and the motion to adjourn was made at 4:30 o'clock.

It was early during the session that the ward representation matter was discussed. City Clerk Campbell had announced that the hour had arrived for selecting two trustees of the Carnegie library, the vacancies being caused by the expiration of the terms of W. M. Kelly and W. M. Slaton. Under the present law the library trustees serve for six years, and are chosen without regard to their places of residence.

The ordinance presented by Councilman Curtis provides that trustees be elected for terms of three years, and that one trustee be chosen from each ward in the city. The motion to place the measure upon its second reading was adopted. Councilman Curtis then moved to adopt the ordinance, and it was upon this motion that the debate occurred. The discussion was started by Councilman Foster, who stated that a board like that of the library trustees needed brains more than anything else. He thought the locality in which a man lived should have nothing to do with qualifying or disqualifying him for service on the board.

No Reflection Intended.
Councilman Curtis stated that he had no intention of reflecting upon any member of the board, and certainly not upon the two gentlemen whose terms had expired. He believed in the provisions of his ordinance from principle, and thought they should apply to the trustees of the library.

Councilman Kuntz said he opposed the adoption of any measure on the day of its presentation, unless some reason for immediate action could be given. He moved that the ordinance of Councilman Curtis be referred to the ordinance committee, of which Councilman Ellis is chairman.

Councilman Quillian directed attention to the fact that there are twelve trustees of the library and but eight wards in the city.

The motion of Councilman Kuntz to refer was adopted. Councilman Curtis immediately moved to suspend the rules and proceed with the election of library trustees. His motion was adopted and Mayor Woodward went to the chair of the presiding officer. Councilman Ellis nominated W. M. Slaton for reelection, and Councilman Kuntz nominated W. M. Kelly for reelection, and the reelection of each was unanimous.

After developing during the meeting that the contract under which six of the twelve trustees were to be nominated by the directors of the Young Men's Library Association had expired, it was drawn only for a few years. The old association will therefore have nothing more to do with the management of the Carnegie library.

Mayor Still Has Power.

The measure which takes away from the mayor the power of appointing the city warden and city license inspector and which provides that these officers be elected by the general council was presented yesterday by Councilman Quillian, but on motion of Councilman Carter it was referred to the ordinance committee for action. There was no discussion.

In connection with this Mayor Pro Tem Harwell presented a measure creating the office of assistant license inspector. It was referred to the committee on public improvements, of which Alderman Girardeau is chairman.

An ordinance by Councilman Goodwin making it unlawful for locomotives to burn soot within the outer fire limits, was referred to the committee on manufacturers, statistics, freight rates and transportation, of which Councilman Quillian is chairman, upon motion of Councilman Carter and the second of Councilman Ellis.

An ordinance extending the liquor limits from the corner of Alabama and Madison avenue along the east side of Madison avenue to a point 100 feet north of Mitchell street was presented by Alderman Holland. It was referred to the ordinance committee, of which Councilman Ellis is chairman, and the police committee, of which Councilman Oldknow is chairman, for action.

Will Preserve New Paving.

An ordinance preventing property owners or others from tearing up the bituminous pavement on Gordon, Park and Lee streets for a period of five years was presented by Councilman Carter, and was adopted. The paving is to be done by the county.

The ordinance of Councilman Wikke, which regulates the calling of wash women, makes them register and requires a license of them was referred to the ordinance committee for action.

A resolution authorizing the board of firemen, of which Mayor Pro Tem Holland is chairman, to purchase the northwest corner of Oakland avenue and Bryant street, 50 feet by 150 feet, for \$1,850, was presented by Alderman Holland.

J. R. GRAY BUYS MAJORITY STOCK

Now Owns Controlling Interest in the Evening Journal.

Yesterday morning James R. Gray, editor and general manager of The Atlanta Journal, purchased from Morris Brandon 1,521 shares of Journal common stock, 635 shares of common and 296 shares of preferred stock from H. M. Atkinson, that being the entire holdings of both of these gentlemen in The Atlanta Journal. Mr. Gray's common stock holdings now amount to about 3,700 shares, giving him nearly a thousand shares beyond the control of the paper. Added to this amount owned by Mr. Gray, 1,600 shares of the stock are owned respectively by John S. Cohen, managing editor, and Morton Smith, assistant managing editor. Of the 5,750 shares of common stock in The Journal, which is the controlling stock, all but about 500 shares of the stock is now owned by employees of the paper.

On the 16th of April, 1900, James R. Gray, Morris Brandon and H. M. Atkinson bought from Hon. Hoke Smith, Mr. H. H. Cabaniss and their associates The Atlanta Journal. The property was at first run by these three gentlemen. On December 10, 1901, H. M. Atkinson sold his common stock to John S. Cohen and Morton Smith, and Mr. Gray left his law practice to assume entire charge of the property.

Mr. Gray's management has proven so successful to The Journal that those deeply interested in it felt it was to the best interest of the property that he should own a majority of the stock, and as he offered Mr. Brandon and Mr. Atkinson a satisfactory price for their entire holdings this morning, a trade was consummated and the cash was paid. The figures of the trade are not yet made public, but it is understood that Mr. Atkinson and Mr. Brandon realized a very large profit on their investment.

The Journal will continue to be under the sole management of James R. Gray.

PREPARE FOR BIG REVIVAL.

Presbyterians of Inman Park Display Interest in the Meetings.

The preparations for the revival which is to be conducted by the Inman Park Presbyterian church are very active. The cottage prayer meeting work and the arrangements for good music during the revival, which opens up next Sunday, are the most important features of the work. The cottage prayer meetings are proving specially attractive.

The meetings at the different homes in Inman Park tonight are:

George E. Murphy, Seaboard avenue, W. E. Newell and J. R. McNair, C. H. Cowley, 36 South Delta, J. H. Brinkley, W. M. Tidwell, W. M. Tidwell, 150 Kirkwood avenue, M. E. Jones and J. M. CARTER & GILLESPIE.

They Will Enter the "Cooling" Business for a While.

Yesterday was a warm day and the indications are that it will be hot today and when the weather of this character comes creeping into your office, store or building it is time to start your electric fan. Now, you know that an electric fan is a good thing. It occupies very little space on the top of your desk or in a corner of your office, and by pressing a button your entire office is kept cool and pleasant and you are kept in a cool humor. It would seem, then, that an electric fan is a happiness-generator, as it were. To be sure, there are different kinds of fans. Some of them are made by factories who guarantee them. That's the kind that Carter & Gillespie, Atlanta's well known electricians, handle. Carter & Gillespie not only handle the fans, but they also install them of every better still, because you know and everybody else should know that Carter & Gillespie are reliable electrical engineers and dealers. So if your office or room is getting rather warm for you, simply call at Carter & Gillespie's establishment, 40 North Broad street, or phone them at Bell phone 1023, and tell them what's your trouble. They can relieve you and relieve you speedily.

By the way, don't forget that they not only handle fans and install them, but they handle all kinds of electrical supplies and lighting fixtures.

land, and after some discussion regarding the proposed lot to be added to the hearing from the firemen, it was referred to that board for action. The ordinance committee did not present a resolution requesting the general assembly to amend the charter as to make clear upon the question of votes, but the committee yesterday morning announced to Mayor Woodward that it would present such a measure in due time, and upon the strength of that the mayor will sign the warrants increasing pay in the fire and police departments.

MANY ATTEND BIG CONGRESS

**Rev. J. A. Adams Addressed
Congregational Meeting
Last Night.**

The meetings of the Congregational congress were well attended all day yesterday, and those in charge are highly elated over the good start which the congress has made.

One of the most masterful of the day's addresses was that delivered last night by Rev. J. A. Adams on "Evolution, Revolution and Revival."

Dr. Adams is from Chicago and is one of the brainiest men of the Congregational church. He paid in his opening remarks a glowing tribute to Abraham Lincoln and also to Charles Darwin.

Dr. Adams scored very harshly, however, some of the doctrines which Darwin so ardently advocated and which have been shattered by the light of true conception and which showed Darwin to be in error on part of his theory.

Dr. Adams said that the real issue in the theological world today between theologists and materialists was as to whether the whole of man and his history and his accomplishments and the Bible have been an evolution from below or whether part or all this has been a revelation from above. The strict scientist claims that it has all come from below—has evolved up—the theologian claims that it has been revealed from above.

The congress which is being held is an educational nature and has nothing to do with any legislative features. The Congregational churches stand by them, and these congresses are simply intended to better the general condition of the churches by practical suggestions.

The general subject for discussion today by the congress will be "Education," and the theme which is being alluded at the present time. Some of the most able speakers of the congress are booked to speak today upon this topic.

The following is the list of the delegates to the conference who have so far reported:

Rev. Washington Gladden, D.D., of Columbus, Ohio, the divine who has recently come into the limelight of the whole country as opposing the purchase of a gift of \$100,000 from John D. Rockefeller on the ground that the money was "tainted" by the same which is killing all minds; Rev. J. S. Murphy, Boston, Tenn.; Rev. W. M. Jones, St. Louis, Mo.; Rev. J. A. Mrs. Howard's Tea.

MRS. FRANK HOWARD will entertain at a pretty 5 o'clock tea this afternoon, at her home on the Boulevard, in compliment to Mrs. Samuel Burbank, of New York.

The guests will include the friends of Mrs. Howard who were her schoolmates at Agnes Scott, and who are also the friends of Mrs. Burbank.

The decorations will be in white and green, and this color scheme will be carried out in the dainty refreshments.

The occasion will be very informal, and Mrs. Howard will be assisted in the entertainment of the guests by Miss Nannette Hopkins, Miss Kate Hurst and Mrs. Frank Pearson.

Those who will be present to meet Mrs. Burbank are Mrs. Stephen Barnett, Mrs. Charles Boynton, Mrs. Ruth Holleman Pattillo, Mrs. Alfred Warren, Mrs. Raleigh Pattillo, Miss Hopkins, Miss Cook, Miss McKinney, Mrs. Charles Harman and Mrs. W. A. Parker.

An Elegant Reception.

A N elaborate affair of today will be the reception at which Mrs. Harry Jackson, Mrs. Aquilla J. Orme and Miss Florence Jackson entertain this afternoon at the home of Mrs. Orme on Peachtree.

The guests will be entertained from 5 until 6 and from 6 to 8 o'clock.

The decorations will be in red roses and palms, and an orchestra will furnish a delightful musical programme during the afternoon.

Assisting the hostesses in receiving will be Mrs. Wilmer L. Moore, Mrs. Marion Jackson, Mrs. W. H. Parsons, Mrs. J. H. Kiser, Mrs. Eugene Black, Mrs. Fleming duBignon, Miss Jose Stocaull, Miss Sarah Peel and Miss Evelyn Orme.

Gilbert-Wilson.

A QUIET but pretty wedding was that of Mr. S. A. Wilson, Jr., of Battle Hill, and Miss Camille Gilbert, of Cascade, Ga., which was solemnized in the presence of a few friends at the home of Rev. J. H. Mashburn, the officiating minister, at 5 o'clock Sunday, April 30, 1905.

Birthday Party.

MISS NORA INGRAM was the young hostess at a pretty party given Saturday afternoon at her home on Washington street. The affair was in celebration of her fifteenth birthday, and about fifty guests were entertained.

Miss Ingram was assisted in receiving by her sister, Miss Irene Ingram. The home was artistically decorated and the color scheme of pink and green was carried out in every detail. Quantities of pink roses, palms, ferns and vines were used throughout the house.

Miss Ingram received her guests in a girlish frock of white accented with pink. She wore a cream girlish. A guessing contest was the game of the afternoon, in which Miss Ellen Lyon won the prize, a hand-painted hair receiver, and Mr. Gus Clark, the boys', a beautiful round book. The consolation prize, a chicken peeping into an egg shell, fell to Miss Aline Hancock.

After a number of exciting games, delicious refreshments were served. The punch bowl was placed in a corner of the reception hall, which was decorated in vines and roses. Punch was served throughout the afternoon by Misses Edna Blackmon and Georgina Still.

Among those invited to enjoy Miss Ingram's hospitality were Miss Edith Dunson, Miss Elvira Westmoreland, Miss Rosalie Loeb, Miss Hannah Spiro, Miss Ruth de Treville, Miss Ellen Lyon, Miss Luna Ashbury, Miss Agnes Golphin, Miss Anna Colquitt, Miss Elizabeth Dunson, Miss Mabel Carleton, Miss Chappell Whistnant, Miss Bessie Hardin, Miss Mary Elizabeth Comer, Miss Villie Cummings, Miss Bernice Cox, Miss Merian Comer, Miss Frances Ansley, Miss Carrie Carleton, Miss Aline Hancock, Miss Mary Belle LaHatte, Miss Ozella Smith, Miss Ione Smith, Miss Carrie Morgan, Miss May Morgan, Miss Georgina Still, Miss Edna Blackmon, Miss Irene Ingram, Mr. Julian Fleming, Mr. Elmer Cox,

PLUMBERS COME HERE IN JUNE

National Association Will Hold Its Convention in Atlanta.

During the first week in June Atlanta will be the host of another great convention.

Monday, June 5, will convene in Atlanta the annual meeting of the Master Plumbers' Association, of the state of Georgia, Daniel A. Farrell, of this city, president.

But the meeting of that day will be of small importance, compared to the meeting of the National Plumbers' Association which will convene the following day, June 6, at the Grand opera house. This convention will continue in session for four days.

To this convention will come over 800 delegates, from all parts of the United States and from Canada. These delegates will be accompanied by relatives and friends, making the total number of visitors nearly 2,500 persons.

Tuesday morning, June 6, the delegates will leave the Piedmont hotel in a barge for the convention hall in the Grand opera house. Here the address of welcome on behalf of the state will be made by Governor Terrell. He will be followed by Mayor Woodward in behalf of the city.

During the evening an executive session will be held at the Piedmont hotel, followed by a large reception.

Wednesday, 9 a. m., a business session will be held. Wednesday evening a grand banquet will be held at the Kimball house.

Thursday, 9 a. m., another business session will be held. Thursday evening the delegates will take a trip out to Ponce de Leon park.

Friday morning the delegates will tour the city, viewing all the points of interest. At 1 o'clock that day the delegates will be treated to a famous old Georgia barbecue at Cold Springs.

Those who have the plans for the entertainment of the delegates in charge have bonded every effort to secure for the visitors an enjoyable stay in the city.

The committees in charge of the entertainment of the delegates are as follows: Entertainment committee, Daniel A. Farrell, chairman, J. H. Jennings, M. E. Ford, Reception Committee—Mrs. John Ford, chairman, Mrs. L. A. Farrell and Miss Lily Ford.

that there is a change in direction. Even the small speculation interest now appears to be abated. Fall River telegraphs "Print 10000 up and firm at the advance, few". A special sale of dry goods at over \$1,000,000 was advertised by B. Claflin & Co. to take place in Boston. A large crowd was early in attendance and the entire quantity offered was practically disposed of within a few hours after the opening at full price. This fact is sure to have a very beneficial effect upon the American market. The short interest for May decreased in New York is large and unduly in comfortable position as a result of the firm spot markets at the increased attention is being turned to the extraordinary increase in the price of the spot market.

Previous, the average production was only about \$22,000,000 per annum. The figures for 1905, however, suggest a like good intimation. For the last years and 1899 (the year of the first) the annual production has been as follows: 1905, \$395,000,000; 1904, \$385,000,000; 1903, \$360,000,000; 1902, \$340,000,000. It is, therefore, a matter of decidedly higher prices. I quote the following telegraphic statement from London: "Rainfall throughout the state 24 hours up to Sunday morning (10.30 a.m.) 1905, 1.04 inches, as compared to previous rainfall.
